SELECTMEN'S LETTER

To the Residents of the Town of Newington:

We respectfully submit herewith the Selectmen's Annual Report for the year 1971. A concentrated effort by all department heads to hold the line on expenditures and taxes resulted in tax savings of nearly three dollars per thousand to the taxpayers of the community in 1971. Residential and industrial growth appear to be continuing at a healthy ratio with several new homes complete or under construction, the P.F. Avery Company completed and in operation and the generating station of the New Hampshire Public Service Company under construction.

Newington citizens can be proud of the new library addition completed this past year. Many modifications to the original plans submitted by the architect were made by the selectmen in cooperation with the contractor, Bob Young, which resulted in a considerable savings over the first bid estimates. This addition assures Newington of an adequate library for many years to come.

All other town lands and buildings are in excellent condition due in a large part to the approval at the last town meeting to hire an additional maintenance man. Our thanks to Bob Knox for a job well done.

The continued expansion of the commercial-industrial area along with the additional residential build-up dictates definite changes in our police department to provide adequate 24-hour protection. The selectmen are asking for increased sums of money to provide for a salaried chief of police, day and night patrols throughout the community, a fully equipped police cruiser and a mutual communications phone system with the cooperation of the town of Greenland and the Rockingham County Sheriff's Department. We would like to give our thanks at this time to police chiefs and their deputies, both past and present, for their unselfish efforts in providing law enforcement in the past with the limited funds available to them. It is the unanimous opinion of the Board of Selectmen that the Town must face up to the added

responsibilities of providing adequate police protection for its citizens and businesses in a growing community.

The action of the special town meeting on January 3rd in providing funds for engineering specifications for a connecting road through Pease Air Force Base to the southern area of Newington has enabled the selectmen to advertise for bids for construction of the road. Bids will be opened on March 2nd and these estimates will be available for the town meeting. An article appears in the warrant for your consideration to reunite the community after nearly twenty years. The Board of Selectmen unanimously seek your approval of this action.

The town is also to be commended for its action on January 3rd in approving funds for the new ambulance to replace the one lost in the tragic accident of November 1st. On behalf of the town we extend our sincerest sympathies to the Volz family for their great loss and wish a speedy recovery for those still recuperating from injuries suffered in that accident.

In conclusion we thank each and every town official, employee and citizen for their cooperation and understanding during the past year.

Respectfully submitted,

Sydney H. Frink, *Chairman*

NEWINGTON HIGHWAY DEPARTMENT

In the 1970 town report, this department reported that it planned to make a study of the roads in the industrial area. This study has now been completed with the following recommendations:

Ditch and put in culverts where needed; this project is of prime importance to maintain a good road; repair and build up shoulders; level the surface with hot top sealing in the edgers; apply one to two inches of Hot Top to the surface.

The cost of this project will be high; therefore it is our intention to plan to do only the base work this year in order to keep within our tax budget.

Respectfully submitted,

DONALD E. BEALS

Highway Agent

PLANNING BOARD

In addition to the regular business conducted by the Board this past year, progress has also been made in updating and editing the Zoning Ordinance for the Town. Continuance of this program to include all the amendments voted by the Town since the last printing and revision of the Building Code are primary objectives for the coming year. Hopefully this work will be completed and we will be ready to go to press so as to make up-to-date copies available.

During the past year, two applications for site plan approval were submitted for development of industrial property and were approved by the Board. They were Bruno & Stillman Yacht Co., off Old Dover Road and the Storage Tank Development Corp., off Patterson Lane.

All townspeople are reminded that the Board meets the first Thursday of each month and that *all* meetings are open and public. Your participation is welcomed and encouraged, for as it is your town, we are your Board and it is through your comments, proposals, thoughts and ideas that we are guided in planning for our future. Hopefully, we have served responsibly in the past and with your continued cooperation shall continue to do so.

Respectfully submitted,

F. H. SMITH, Jr.
Chairman

LANGDON PUBLIC LIBRARY REPORT

Langdon Library Hours:

Winter Hours:

Monday & Wednesday — 9 to 12 & 1 to 6 p.m.;

Saturday — 1 to 6 p.m.

Summer Hours:

Monday, Wednesday & Saturday — 1 to 5 p.m.;

Wednesday Evening — 6 to 9 p.m.

South Newington Branch Hours:

Wednesday & Saturday — 2 to 5 p.m.

This past year was marked by our new addition to the Library which provides much needed room, a new furnace and restrooms with hot water. Although still in a state of flux, the Librarian and Trustees hope to have the Library resettled early this year. The purchase of new book racks and other badly needed library furniture will do much to enhance the new addition. If you haven't yet seen the changes in your Library, please come in and see.

The Library welcomes suggestions for books you would like to see in the Library. Besides regular book service, we subscribe to 35 magazines and keep them on file for reference purposes for 5 years. We have a donated selection of over 600 paperbacks and an L.P. record selection of over 200 records. Langdon Library borrows over 1,000 Bookmobile books and we send to the State Library for special requests. Finally, we provide a Film and Book Program for the Elementary School.

Our new hours met with great success, especially the Wednesday evening from 6 to 9 p.m. in the Summer. Your Trustees and Librarian are anxious to make Langdon Library as responsive to your needs as possible. Any suggestions our patrons make are greatly appreciated. This year, as in the past, the Trustees commend the fine work of our two librarians, Mrs. Marjorie Pickering and Mrs. Margherita Mazeau.

Our thanks goes to the generous donors of many gift books, paperbacks, magazines, recordings and pictures: Mr. & Mrs. Ron Baker, Doris Beane, Dorothy Brooks, Virginia deRochemont, Lydia Frink, Gwen Jones, Lena Kaddy, Paul Kent, Thomas Heavner, Henry Margeson, Clarence Mezo, Barbara Myers, Beverly Packard, Dolly Russell, Frank Sargent, Mr. & Mrs. Joseph Sukeforth, Isabelle Surette and Sarah Thames.

This year's Memory Book for Mrs. Florence C. Watson was gratefully received by the Library. Memory Book for H. Garland is "Life in the Forest" donated by G. Newick who also gave "Coming of Age in America" in memory of Edith Drinkwater. The Memory Book for John F. Hoyt was a "Book of American Verse". The College Club of Portsmouth donated "Children's Reading in the Home" in memory of J. Gemler. Also in memory of J. Gemler was "Make Your Own Musical Instruments" given by the Newington P.T.A.

Our sincere thanks to Mr. Warren Witham for his work on the flower urn and its plantings. The Trustees also wish to thank Frances Heavner for the great help she was to us in helping us "learn the ropes".

The Trustees hope the year 1972 will see more and more Newington residents using and enjoying their library as never before.

OLD PARSONAGE

The program of keeping the Old Parsonage open on a regular schedule and the addition of an identifying sign has significantly increased the number of visitors. On one Saturday in August, when the open hours were extended to a full day, more than seventy people went through the building. The Historical Society is very pleased with the interest shown in the Parsonage, but needs more volunteers to act as hosts.

The building, which for many years has been certified by the Department of the Interior as "possessing exceptional historical architectural interest" has now been listed in a national directory of museums and also in some local tourist guides. Two local newspapers gave space to special articles about it during the summer.

The Historical Society's collection of mementos and furnishings has continued to expand with gifts from Sydney Frink, Ira Coleman, Mr. & Mrs. Wendell Coleman, John Hoyt, Marion Sanborn, Mr. & Mrs. Earl Mott, William Young, Paul deRochemont, Bertha Rugg and Olive Floyd.

POLICE DEPARTMENT REPORT

The Police Department of your town has had an extremely busy year again, as you will note by the activities breakdown at the end of this report, particularly in the area of breaks committed in town. We have had three housebreaks in town that I consider very serious, two of which were committed while the occupants were out for just a few hours. I am sure that if the selectmen, in cooperation with the police department, had not started extra patrols, we would have had many more.

We will continue these extra patrols in the future.

I want to take this opportunity to thank the selectmen for their fine assistance and cooperation with this department, and also to thank the special officers participating in the extra patrols. The fire department, too, was of great assistance with its response to ambulance calls to accidents that had occurred in town.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

LEST WE FORGET—IT CAN HAPPEN HERE

Disastrous forest and brush fires that destroy hundreds of homes are more prevalent on the West Coast with their dry seasons and strong hot winds, but 25 years ago this fall is the anniversary of a disaster that devastated large areas of northern New England, leaving villages in ashes with rows of cellar-holes and chimneys in a number of summer vacation home locations. Many lives were lost on that destructive day of October 23, 1947, when nothing could stop the wind driven flames.

It is true that such conditions are unusual for New Hampshire but they happened once, they can happen again. The fuel for fires is all around us. All it takes is a firebrand. Only by cultivating a habit of carefulness with fire at all times can we meet the challenge of protection when dry conditions prevail. Please let these reminders be your guide:

1. Never, either when walking, riding or driving, discard a firebrand—a lighted match or a glowing cigarette.
2. Always obtain a permit for any outside burning. The burning of household rubbish is not permitted if your town has rubbish collection. Burning of grass or garden litter can be dangerous. See your warden first.
3. If you camp or picnic, be sure open fires are allowed and if they are, put them *dead out* when leaving.
4. *Most important*—instruct your children in the danger of the lighted match. A lighted match and dry grass or forest litter is a dangerous combination which leads to destructive loss and can lead to tragedy.

The past year—1971 was a favorable year for the control of fires. There were too many fire starts in some towns. We thank those who remembered and ask others to heed Smokey's message.

DOG OFFICER

During 1971 a total of 36 calls were received involving complaints about dogs. In ten of these calls no trace could be found of the dog that had been reported, eight dogs were taken to the Eames Animal Medical Center. Of the remaining eighteen strays, either the owners were traced, or we found some good-hearted residents to adopt the orphans.

We wish to take this opportunity to thank Dr. Eames for his assistance.

Please be reminded that all dogs three months of age or over must be licensed and vaccinated. We'd also like to ask your cooperation in trying to keep your dogs from following the children to school. There have been several incidents lately of the rubbish barrels being over-turned, or some luckless child losing a cherished candy-bar or lunch to an over-friendly animal.

Respectfully submitted,

ERNEST R. KADDY
Dog Officer

NEWINGTON VOLUNTEER FIRE DEPARTMENT

It is with a heavy heart that I submit my report for the year 1971, the year ending as it did with an ambulance accident that led to the loss of Larry Volz, a member of the Board of Fire Engineers, who had also been an active member of the department for many years; and also with the injuries being incurred by three other of our dedicated firemen which have kept them from active work for several weeks.

We have responded to our red phone many times this year, to wit:

- 2 calls to the J.M. Fields incinerator
- 3 Mutual aid calls
- 3 House fires
- 4 calls to scenes of accidents
- 8 ambulance calls
- 4 grass fires.

In one of the house fires, we had one fatality. The fire, when discovered by a neighbor, had already involved the entire structure.

Two fatalities occurred in one of the automobile accidents.

The false alarms were due mainly to work being done on the lines by the telephone company and also to electrical storms. A system is being worked out to help prevent these inadvertent alarms being sounded.

After a great deal of investigation by our fire engine committee, headed by Everett Sanborn, we sent our specifications for bids and have come up with a sum of \$45,000 for a new fire engine, the item at this time being tentatively approved by your budget committee. This piece of equipment is sorely needed to adequately protect the homes and businesses of the town, which you all know is growing at a rapid pace.

However, please remember that the primary responsibility rests upon each and every one of us to take proper precautions to prevent the outbreak of a conflagration.

Respectfully submitted,

WILLIAM J. YOUNG
Fire Chief

NEWINGTON CEMETERY COMMITTEE

The annual meeting of the Newington Cemetery Committee was held on Friday, December 17, 1971, at 5:15 p.m. in the Civic Center. Previous to this, the committee had met on December 11th to discuss the 1972 budget.

All members were present at both meetings except Mr. Kaddy.

The 1972 budget presented by Mr. Moulton was accepted as read.

The Chairman stated that everything specified in last year's budget had been accomplished.

The Western Division mapping project is now complete. Copies of this information have gone to the Supt. of Cemetery, Town Clerk, Librarian, and the Chairman of the Cemetery Committee. This brings us up to date with all the mapping detailed in the program over the past few years.

There is an item in the proposed budget to cover the remaining Western Division Extension Area.

The Committee recommended to fence the Southern Division which was set aside by the town for extension of the cemetery.

Respectfully submitted,

DOROTHY M. WATSON

TOWN HISTORY COMMITTEE REPORT 1971

During the past year the town history committee has met regularly with Chairman Barbara Myers. Each member has received an assignment to do research on a particular subject, such as Schools, Old Buildings having a historical background, Roads which once were main thoroughfares, but if not abandoned entirely, are little used, Garrisons, etc.

Several Chapters have been started on the Town History and when completed will be reviewed by the entire committee before final printing. We wish to extend thanks to all the persons who have assisted us in obtaining information to compile a history of our town. Still needed, however, are old photos of homes, industries, any paintings—in fact, anything to depict the history of our town. While looking around your cellars or attics you may come across something you may not feel is of any value, but which might really be of great aid to the history committee. Also, if anyone knows of maps of the area in earlier years we would appreciate the loan of such. You may rest assured that anything that is given to the committee to help in its research will be carefully handled and returned promptly.

Respectfully submitted,

PEGGY LAMSON
Secretary

Report of the Superintendent of Schools

To the School Board and Citizens of Newington:

During the past year emphasis was placed on maintaining and evaluating present programs to determine their effectiveness. Special attention was also given to the completion of projects started in the previous year.

One such project was the evaluation and eventual reorganization of the administrative staff in the Supervisory Union office. The intent of the move was to place more of the business aspects of the union in the hands of a person specifically educated for such responsibilities. Administratively, the plan called for the elimination of one assistant superintendent and the hiring of a business administrator and an executive assistant. It is hoped that the outcome of this move will allow both the superintendent and assistant superintendent to work more fully with the professional staffs under them.

The policy material for the union and each district continues to be re-evaluated. Certain sections have already been received and approved by the Newington board and are on file at the school. In the area of special services, the union has contracted the services of another speech therapist to cope with the large case load.

The Newington elementary staff changes with only one new teacher in the full-time teaching program and with three replacements in other personnel. These new members of the school community have all had valuable experience in dealing with children in their respective subject areas.

Plans to make greater use of existing plant facilities initiated last year by the introduction of the multi-age grouping system are working well. The gymnasium is now free for daily use by the Kindergarten children, who were previously limited in work area; and now physical education activities have become available to the primary and intermediate grades. It should be noted that this ar-

rangement has served the scouting and community recreational programs as the gym no longer has to be used as an educational instruction area.

The art program which last year was redesigned to benefit the whole school has been productive and enthusiastically welcomed by the children. The community resources project continues to develop and to provide variety in learning for the upper grades. This too, seems to have won the approval of the children who value the opportunity to develop skills beyond the academic subjects.

The committee which undertook the study of the Newington grade system of years past, completed its findings in the last part of the 1970-71 school year. Upon its recommendations, another report card was presented this year. This new progress report incorporates both letter grade and an evaluation of the mark by the teacher. In this way, justification for and explanation of the letter grade is provided for the parent. It is an attempt to answer questions which cannot be satisfactorily answered by the letter grade system as previously employed.

The willingness of the community to support its school has helped maintain an effective and sound educational program for the children of Newington. We publicly recognize the efforts of individuals and organizations such as the P.T.A. to add to the overall success of the school. Once more, it has been a pleasure to work with the school board in its genuine concern for all of the school community; and I take this opportunity to thank each one for his individual cooperation with me and your principal, Mr. Michaels. Such a spirit can serve to assure you, the townspeople of Newington, of an enviable and full educational program.

JOHN H. POWERS
